QUICK FACTS

APPALACHIAN is a mid-Atlantic type Kentucky bluegrass with an attractive medium green color. It's an excellent candidate for sod farms, landscapers, sports fields and retail. Used alone or in mixes with other species, Appalachian is a good all-around, multiple use variety with early spring green up and quick establishment.

ADAPTATION

APPALACHIAN was developed with quick establishment in mind. It is wear tolerant and repairs itself by rhizomes. Excellent for usage worldwide where other cool season grasses grow.
