

ABSORBS WATER QUICKLY!

NO MORE STRAW TO RAKE!

GREEN CHOICE

BETTER THAN STRAW!

EZ Mulch™

Seed Establishment Mulch

Perfect for patching bare spots!

Excellent color and consistency

Easy to apply, either by hand or with a drop spreader

Protects the seed bed

Retains moisture readily — more than five times its weight!

Made from weed-free recycled newsprint and corn fiber

Recycled product use is good for the environment!

Typical Application Rate: 50-70# per 1,000 sq. FT.

DIRECTIONS:

- 1 Prepare soil and spread grass seed according to directions on package. EZ Mulch™ contains no grass seed!
- 2 Spread EZ Mulch™ over seeded area at a rate of 50 - 70# per 1000 square feet.
- 3 Water EZ Mulch™ pellets which will expand to cover and protect the seeded ground.
- 4 Water seeded area daily. Seeds will germinate and EZ Mulch™ will biodegrade and add organic content to your soil.

Heavy-duty bag is puncture resistant!
